## X3 - Reunion XTM 0.7.5 Mod (Full Version) Patch

September 25th, 2010 - From what you can read on the xtm page, the last update is with the .Right version, which makes it nearly impossible for me to complete the story. x3, . I don't think anyone is seriously considering a return, but I still want to contribute to the future. It's complicated. I feel like I can use any method to end this story. And I hope I can. But I think people expect me to keep working on the project for at least a few years. I can't say that all this time I will sit and work on X3. But I can promise you that I won't quit development (as I did with X-Men 2 and X3 is no problem for me).
