What's New in the AutoCAD?

Smarter BOM in Sheet Sets: Simplify management and analyze sheets in sheet sets. Find and use a sheet set template. (video: 1:44 min.) Delegates in AutoCAD: Delegate a drawing to a team member. Assign a drawing to a team member by email or another option. (video: 2:01 min.) Collaboration in Revit: Share designs with others in real time or push updates to your online models. (video: 1:51 min.) Adding the Job Table in AutoCAD: Read and write data and metadata with the addition of the Job Table. (video: 1:40 min.) Drawing and Layout Management: The Vector Table helps you to manage your vector data. With the Vector Table, you can quickly identify, cut, copy, or move each vector. Also with the Vector Table, you can view any vector information, including the ID, editability, and label settings. (video: 1:54 min.) Introducing the new Intersections view in Vantage: In the new Intersections view, you can view edges, intersections, and keypoints as a single entity, removing the need to have to create a sketch for each individual component. (video: 1:22 min.) Multi-View and Intersection Management: In the new multi-view tool, you can select more than one view and view them simultaneously. (video: 1:34 min.) Find and use the new Select Intersection tool and Select Intersection Point tool. Both tools are easier to use than the prior tools. (video: 2:19 min.) Sharing and Repository Management: Create, update, search, and find repository assets. Save the assets you need and attach them to drawings. (video: 1:15 min.) Taking Webcam Photos in Revit: Shoot and view a photo in Revit as a still, an interactive video, or as a 3D model. (video: 1:56 min.) Developing in AutoCAD: Select the model and generate reports for the Revit element library. Export or send the AutoCAD objects to a file. (video: 1:32 min.) Converting AutoCAD Objects to 3D: Man

System Requirements For AutoCAD:

Windows 7, Windows 8, or Windows 10. HDD or SSD (Hard Drive or Solid State Disk) 1 GB RAM 2 GHz Processor 90 MB available HDD or SSD space Screenshots Comments Edit Comment Hey, very interesting game! It's nice to be able to choose the style of the game. It would be nice to have a more streamlined selection process. Like you can choose the game style and the level of difficulty. The controls could also be improved. The game tends to be laggy
